## WORK EXPERIENCE

### Khoros

Bangalore, India

#### Software Engineer - III

Mar 2025 - Present

- Spearheaded major UI enhancements using React, TypeScript, and GraphQL, significantly improving user engagement on the Khoros Community platform.
- Designed and delivered a moderation dashboard that enables efficient management of community content.
- Championed web accessibility by implementing WCAG-compliant features, enhancing usability for user groups.
- Developed a nearby events feature that uses user latitude and longitude to accurately identify and display the closest events.
- Mentored junior developers, led code reviews, and guided frontend architecture decisions to align with product goals.
- Collaborated with product owners and stakeholders in Agile environments to align feature scope with roadmap goals and sprint outcomes.

#### Software Engineer - II

Mar 2024 - Mar 2025

- Led development of configurable widgets and multi-item drag-and-drop features using React and TypeScript, enhancing personalization and interactivity.
- Improved application performance by reducing redundant GraphQL queries and implementing efficient state management strategies.
- Designed and maintained dynamic email templates using Handlebars.js, supporting Zoom workflow integrations.
- Delivered a discussion-style idea-sharing module, boosting community engagement and user collaboration.
- Participated in code reviews, sprint planning, and backlog grooming, contributing to improved code quality and team productivity.

#### Software Engineer - I

Aug 2022 - Mar 2024

- Collaborated with QA to perform manual and regression testing, and wrote unit tests using Jest, improving UI stability.
- Contributed to the development of interactive, reusable frontend components using React, TypeScript, and GraphQL.
- Diagnosed and resolved critical production issues, ensuring timely support and platform reliability.
- Implemented foundational accessibility features aligned with WCAG standards, enhancing platform inclusivity.
- Participated in Agile ceremonies, worked cross-functionally, and consistently delivered features aligned with sprint goals.

## EDUCATION

### B M S Institute of Technology and Management

Bangalore, India

Bachelor of Engineering in Information Science and Engineering

Graduation Date: Jul 2022

## SKILLS

**Languages:** HTML, CSS, JavaScript, TypeScript, SQL, Python

**Frameworks:** React.js, GraphQL, Tailwind CSS, Bootstrap, Format.js, Handlebars.js

**Practices:** Agile Methodology, UI/UX Design, Web Accessibility (WCAG), Component Reusability

## ACHEIVEMENTS

- **Gold Medalist:** Graduated as a top-ranking engineering student with a **CGPA of 9.55**, recognized for university-level academic excellence.
- Awarded **"Rockstar of the Quarter"** for exceptional contributions and consistent high performance within the first two years.
- Promoted **twice within three years** for outstanding leadership, technical impact and commitment to product
